

## **EASTER SUNDAY**

Sunday April 16, 2017

*Pity the Believer?*

Four consequences if the resurrection of Jesus Christ isn't true:

1. Our preaching is useless and we are liars.
2. Our faith is useless.
3. We would be dead in our sins.
4. The dead will perish.

What would make us confident that Jesus has risen?

1. Jesus died.
2. The tomb was empty.
3. Lots of people saw Jesus alive after He died.
4. The changed lives of the disciples.

2 Qs for Application:

1. Do you believe that Jesus Christ is risen? Why? Why not? What difference does your answer make to how you live?

2. What would you bet your life and death on? Nothing hereafter? Life with the Creator? Something else?
