

Series: Testimony

Part Three: Why Testimony?

Sunday June 5, 2016

Notes

1. I don't have potential.
I will never think
That I matter.
I know
I'm powerless.
I don't believe
Respect and kindness are worth it.
I know
I couldn't avoid disappointment
Until I turned my life around.

2. Aziza's story:

3. Q. How is Aziza's testimony the same and how is it different than the testimonies we would share as a church?

4. *Why do we share testimony?*

- Because testimony is telling the truth!
- Because testimony instructs the community.
- Because testimony strengthens people for the struggle.
- Because testimony brings healing.
- Because testimony helps us remember that God is in charge.
