## BLESSING OF THE ANIMALS SERVICE

October 28, 2018

It was back in 1959 that Krypto the Super Dog was befriended by Superman and although the animals in our lives may not be quite as famous, each of them has its own super power that bless our lives.

In recognition of all the gifts that animals share to make our lives and our world a better place, St. David's United would like to provide an opportunity to reflect those blessings back.

On Sunday, October 28<sup>th</sup>, we invite you to recognize your pets and have them blessed - whether it's for divine protection over them or thanking God for all they are and all they do in your life, "It's about recognizing that animals are a part of our world, and a very important part of our world."

If your pet does not "play well with others," please bring a picture and we will say a blessing for it. Birds should be kept in cages. Dogs and cats should be kept on a leash or in their safe pet home cage.

Please join on this special day as we honor our faithful animal superheroes.
