

3 ways to connect online with others during the pandemic.

You can either have personal conversation with someone or even have a small group meeting together online. Please call or email me if you have any questions after have tried unsuccessfully (Pastor Serge 780-458-3777 or pastorserge@svbc.ab.ca)

1. Through Facebook

- a. Through your facebook account
 - i. Invite people you want to be your friends (if you don't have one, please contact me for help to set up)
 - ii. Go to the message icon (circled in red) and start a message with someone or create a group (illustration #1)
 - iii. Press the little camera icon (circled in red) beside the phone icon to contact the person you want to reach. The green dot beside the camera tells you the person you want to contact is online. (illustration #2)
 - iv. When you press the camera, a browser page will open showing you are contacting the other person and will allow the conversation when the other person respond to your call. et voila!

2. Through Team Link (a free video & web meeting program)

- a. Only you need to have a Teamlink account. Those you invite don't need one
- b. Download Team Link from this site: <https://www.teamlink.co/>

- i. Choose the download according to your platform
- ii. Open the file and come to the main page
- iii. Then schedule a meeting or join a meeting you were invited to
- iv. Copy the link and email it to those you want to meet with a meeting time and date. Test before using if you want just to make sure your meeting will go well.

3. **Through Zoom** (also a free video & web-meeting program. **However, in its free version, Zoom limits its free usage to 40 minutes**)

- a. Only you need to have a Zoom account. Those you invite don't need one
- b. Download Zoom from this site: <https://zoom.us/download>
- c. Open the file and come to the main page
 - i. Open up an account or sign in
- d. Schedule a meeting or open up a new meeting
 - i. Either way, your email browser will open
 - 1. The link for the meeting and password will be in the email body
 - 2. Then you chose your participants and send the email
