

2020 REQUEST-FOR-PROPOSALS — “20/20 VISION”

CRITERIA

Our planet is in peril because of climate change.

The Anglican Foundation of Canada challenges your parish to respond by upholding our Baptismal Covenant: “to safeguard the integrity of God’s creation, and respect, sustain and renew the life of the earth.” 20 grants of up to \$2,500 each will be awarded to parishes or dioceses for projects that foster sustainability, reduce the carbon footprint, and plant the seeds for change for a greener Canada.

Some initiatives that have already been undertaken by Anglican churches include:

- planning “low-carbon footprint” parish dinners
- installing energy-efficient dishwashers and low-flush toilets
- purchasing china mugs and plates
- posting service bulletins and meeting minutes online
- eliminating single-use plastic cutlery and bottles
- changing to energy-efficient light bulbs

AFC encourages you to be creative and imagine other ways to address climate change in your church. A small step can have a positive impact.

Proposals must meet all of the following criteria:

- new project to begin in 2020
- address the crisis of climate change by making a local change
- AFC grant may comprise up to 100% of the project budget
- endorsed by a diocesan bishop in the Anglican Church of Canada

Submission deadline is **April 1, 2020**.

The AFC Board of Directors will review proposals in May 2020 and announce those receiving grants in early June. Proposals submitted in response to this request do not count as one of the three submissions each diocese is allowed per year.
