

November 28, 2017

Since our last letter, (September) the Lord blessed us with a great time reconnecting with ministry partners in southern BC. Forty-four days and 3000 kms on the road also included the challenge of keeping up with homeschool and a week of driving with no heater. But the more than 50 visits with our ministry partners to share how God is using us to establish His Church in unreached people groups in Asia Pacific made it worthwhile.

We are feeling the effects of a very busy life for the past 5 months or so and are very ready for a few months of rest and a slower pace. In the spring I will be doing some of the traveling without the family so they can catch up on school. Then we're planning a family cross-country trip including visiting time in Ontario. After that it's back to Asia Pacific for our next 3 year term.

In September we mentioned the team in Morop land was beginning teaching the Gospel after 13 challenging years of preparation. They are laying the foundation of teaching God's character and man's need through the Bible right from creation. Now they are teaching who Jesus is, and around 11 pm on the 29th (Pacific Time) will teach about Jesus taking the penalty for their sin on the cross - and His resurrection! This is a great time to be praying for the folks in Morop.

Praise God for:

- safe travels and good roads
- lots of great visits with our team of supporters
- His word being taught in Morop in spite of many challenges and distractions

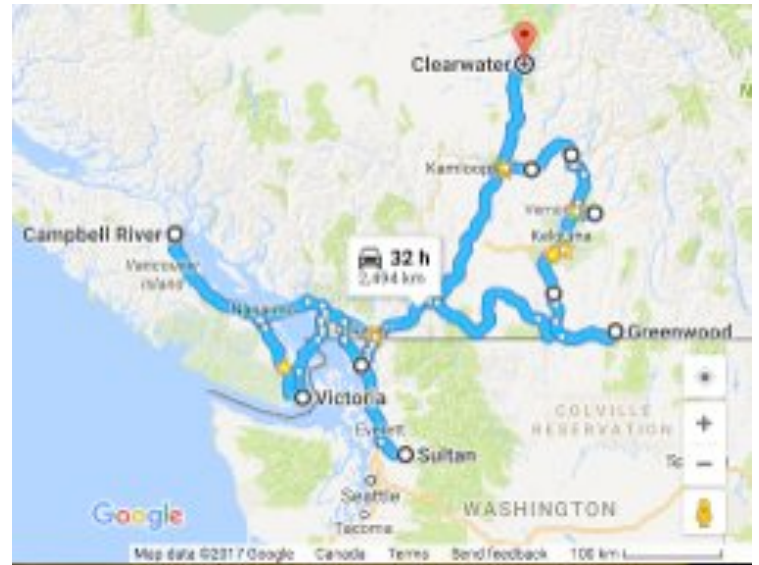

Pray with us for:

- the salvation of the Morop people through trust in the work of Jesus alone
- rest and rejuvenation
- progress in homeschool after curriculum and travel setbacks

Merry Christmas and **Thank you** for praying for our pitstop/ rest time in Canada. If you need to reach me by phone my new Canadian number is 250-674-8829

In His grip,

Duane

The first leg of our travels (to southern BC) is done!
