REVELATION
THE TRIUMPH OF THE LAMB

[illegible]

1. The danger for the church is that we compromise with or culture and its attitudes and pursuits. How can we as a church avoid doing this? How can you as an individual, couple or family, avoid doing this?
2. Wealth and possessions, per se, are not what John condemns in Revelation 18, but rather the greed, covetousness and a materialistic spirit that energizes the pursuit of such things. How do you view your possessions and your money? Is yours a spirit of great and covetousness, or do you see what you have as a gracious blessing from God? Do you see what you have as yours to keep, or as an opportunity to give and serve with it?
3. The church is God's possession. Nothing can thwart his determination to build his church. How does this reality encourage you as a member of God's church? How should it change your attitude toward, and actions within, the church?
